

THE NATURE OF GOD

Releasing Orthodoxy

SURRENDERING ORTHODOXY

The price of freedom is eternal vigilance. One individual can affect a whole community. We are a lighthouse. Surrender orthodoxy -- the belief that God is a rewarding or punishing God, the belief that God gives or withholds. Creation groans for the belief in two powers to be dispelled. All of creation will be free when we are free. Now are we the children of God. Body not made with hands, eternal in the heavens.

Concept or Is

CONCEPT OR IS

Excellent tape! No processes to life activity... conditioned mind sees processes. Transcending concepts leads to my kingdom.

THE IS, AS, AND NOW OF GOD ***

Excellent tape! No one can have more or less than all that God is. All that God is, is appearing as my individual experience. Joel speaks of God not as an entity or identity, but as an experience. So everyday we are having a human experience or a God experience -- it's where we place the I. If we bury the I in the tomb of personal sense, you won't have a God experience. Go through the exercise of lifting up the I out of the tomb, then every day you can experience the fact that there are no limitations on you, and you do not have to use any personal power.

Universality of Truth

SERMON ON THE MOUNT -- PART 11

Great for rather new students. Wonderful instruction from the Christ consciousness... Master said, "Our vision gives light to our body." Meditation on the seeing of the kingdom of God within...

THE VISION OF HEAVEN ON EARTH

Exceptional tape. The gift of grace is there throughout eternity to fulfill Its holy purpose. 'Ye were created for My glory...' to show forth the divine characteristics. The divine impartations of truth and love are there for the healing of the nations. You are a transparency through which and as which the grace of God flows. (Wonderful treatment for working for the environment.)

Law

THE LAW OF THE SPIRIT OF LIFE

Spiritual law -- example of God's law of adjustment. God's law -- I Am All; Everything else is illusion. We are not living in a material universe with a material body; we are living in a spiritual universe with a spiritual body. Mind is unconditioned if we are not believing in two powers.

COMMITMENT AND ACTIVITY

A beautiful and informative tape on the artistic way to live without formulas. The agency within us connects us. Our conscious oneness with God constitutes our oneness with all spiritual Being and idea. This will draw to you all those you can bless and serve, and those whom can bless and serve you. This opens vistas for us. Not gratitude for things or people, but gratitude to God as the substance, law, cause and activity, as every viable form of experience. The activity of truth and love in human consciousness is the activity of the Christ.

Soul

GOD'S DIVINE PLAN

No one can defy God. Only the infinite mind can reveal moment to moment the love of God. So trust in the Lord with all your heart and lean not to your own understanding. Let Consciousness unfold Its plan to you. Love God with all your heart, mind and soul. (V. goes into what it's like to love God with heart mind and soul.) God's law operates to fulfill Itself in us. Recognize the greatest part of our being, which is Soul. The great dynamic of being is Soul, our true body.

NO TIME, NO SPACE

The consciousness that is conscious of the order of the universe knows no discord, no lack, no limitation or relative forms of good. That consciousness only knows Itself. We can rise in consciousness to that which we really are, (and that is Infinite Consciousness) and that Consciousness is the consciousness of every form of life any place in the galaxy. That is why we can look out from the stars. It can raise the dead, heal the sick, and open the eyes of the blind. It doesn't function in time or space. It only knows its own eternal goodness.

Love

CHRIST CONSCIOUSNESS

This is a wonderful tape on love with a wonderful mediation on this consciousness of love. Immovable love; this is what you are, the image of love. Love the love within you with all your heart. Constantly remember this love. Consciously remember the love as omnipresence. This infinite being that I really am is omnipresent love. We love that love by trusting. I can do all things through Christ.

LOVE NEVER FAILS

What kind of a God do we have? This is provocative tape with a questioning point of view.

The Nature of God

MEDITATION ON ONENESS

Excellent tape on the nature of God.
