

THE NATURE OF THE CHRIST

Freedom

THE SUNSHINE OF HIS LOVE

It is the spirit that purifies us, wipes away despair and releases us from the past and forgives our sins of omission and commission and makes us every wit whole. Our freedom is in Christ

My Kingdom or This World

REALIZATION IS DEMONSTRATION

Real clear on structural (sense) world -- this world, and "My kingdom". My kingdom is not structural. How this works. Be ye not conformed to this world. Be ye transformed day by day through the renewing of your mind. You must start where you are. On home.

MEDITATION ON MY KINGDOM

A wonderful tape for meditation and feeling the peace that just emanates from the tape. It also shows how to release problems because there are no problems in consciousness.

Christ Performs That Which Is Our Work

LET CHRIST BUILD THE HOUSE

Positive and meditative on the truth of being. Lovely meditation on how the Lord builds the house and how we can never be outside of God's grace. That which I am seeking I already am. It ends on establishing your day in "I" through recognizing, and surrendering our limitations so that all things can be made new. God made you in his image and likeness.

Christ Appears As:

Relationships

THE POWER OF INTEGRITY

Great tape to study. Positive! Wonderful! Excellent! On knowing the truth... Lifting up the I... Trust... Power... Great for working with problem relationships.

CONTEMPLATING CONSCIOUSNESS AS LOVE

This is a wonderful tape for contemplating what have I in my house. It starts out on consciousness; what is in consciousness -- love, forgiveness, gratitude, and understanding. Like begets like... Man is love incarnate. He who dwells in love dwells in God. Let everyday be the unfolding of love.

SELF GOVERNMENT

Wonderful! On infinity -- unlimited potential -- trust. Within you is the sum total of all good. Trust that which is within you. Everyone has all. We can have as much as we are willing to accept. Is your life unfolding from infinity?

Opportunity

ODE TO SOLOMON

Pure beauty. V explains the symbolism of the Odes; of casting off vanities, of transformation, of the Kingdom. She goes into the mind -- conditioned mind. Reads story of the rainmaker in China. Putting things in order...

Recognition

INFINITE BEING

When Christ ascends in you, you will know that you are Infinite Being. A window must be open so that God Consciousness can come into the world. Always there must be an individual. Our awareness must not be soiled with me, my and mine. When you discover God is being, you discover I am Being. Infinite Being lives us. We do not live it.

Activity

THE EMBODIMENT OF TRUTH

Wonderful on activity... What is real spiritual activity? Income; how it works, how it comes from the Source. How to do world work... Great on health, companionship... Great for someone who thinks they must please people. Momentum comes - do not allow problems to stop momentum. Do not try to solve problems. Drop problems and move forward. Unfoldment is a continuing adventure in living and expanding awareness.

Mind

FUNCTION OF THE MIND IN WORLD WORK

Wonderful on mind!

Consciousness

GOD CONSCIOUSNESS -- CHRIST CONSCIOUSNESS

This is a tape to study. Understanding the Trinity... Prepare yourself for the Christ experience. Function of the Christ is to dissolve the barriers. Christ is individualized, but never finite. Fear appears as antagonism. Meditation develops an understanding heart so we are not overwhelmed by antagonism.
