

THE NATURE OF ERROR

Hypnotism

DETACHMENT FROM HYPNOTISM

Very good on seeing how important it is to be dehypnotized, staying awake and alert. We are initiates. Life says; "Son, I am always here to meet every challenge, watch finite limitations disappear." Wilt thou be made whole? Will you accept the glorious freedom of children of God? Must be a space in the mind where you are aware of every dimension of life at once. God is; and if God is, that is all that is. Re-interpretation -- what came first, the pain or the label?

Judge Not after Appearances

LIVING IN THE THIRD DEGREE

This is good for students to study for world problems, such as earthquakes, etc. Talks about world work at end of tape. Judge not by appearances... Release everyone in your life. Let them go -- inwardly -- to be healed or removed with injury to no one. This is a spiritual universe and there is nothing and no one to heal. Only Christ can take us into the Promised Land. Live in the light of I am.

Belief in Good and Evil

LIVING IN TWO WORLDS

All error is illusion. Reads from teaching tape; explicit on how healing and teaching take place. All error is a mental misperception that does not exist. No such thing as poverty of pocketbook, only poverty of mind. The root of all problems is the universal belief in two powers.

THE MYTH OF MATERIAL SENSE

Don't put on the knowledge of good or evil, because when you do, you are outside the Garden of Eden. You construct your own world according to your knowledge of good or evil. We are born into this consciousness. The way out of this prison house is to remove this judgment. Nothing is good or evil of itself. We must judge it so to make it so. We construct these laws out of human knowledge. This thought system of good and evil constitutes the material sense of existence that is based on the observation of the senses. This is the myth of material sense.

Mental Concepts

PERSONAL SENSE IS BONDAGE

No concept can be God or truth. Universal hypnotism is our concept of both good and evil. The real is total freedom. You cannot form a concept of what is. When you feel the freedom, whoever calls you is set free. Freedom is in Christ. The way is humility.

I IS NOT A CONCEPT

Mind. Illumined and unilluminated. Surrendering.

Protective Work

ABIDING IN THE TREE OF LIFE

A really good tape on love, I, joy & fulfillment. Protective work. On our spiritual capacities...

THOU SHALT HAVE NO OTHER LAW BESIDE ME

An important tape to study. It covers protection; law, body and mind. Excellent on the true sense of law... Spiritual qualities appear as the activity of assimilation, digestion, vigor, vitality, eternal youth, brotherly love.

Treatment Work

FOCUSING YOUR CAMERA

Very clear on treatment; excellent! Adjust your own perception -- adjust the lenses in your camera. There is no law of inheritance. Only God in the consciousness of man is power.

HE OPENED THEIR UNDERSTANDING

A treatment tape; Wonderful on the healing principles. Principle: God is spiritual. Man is spiritual. Body is a spiritual idea. A spiritual idea must be perfection itself. "Know ye not that even your body is the temple of God?" If the spirit of God dwells in you, your body is in a protected state.

RETREAT / TREATMENT

Excellent metaphysics. Difference between material and spiritual sense... Resolve and retreat... Metaphysical steps on treatment and understanding of the two aspects of living - this world and my kingdom. The greatest action is silence.

TRUST -- LOVE -- PURITY

Good tape on mind; dominion over mind. Answers questions on channeling, etc. Integrity. Classes are an activity of eternity which continues to reveal itself endlessly. The voice of the Christ unfolds to us continually when it is based on a spiritual experience. Listening is not listening for a voice, it is discernment. God expresses Himself spontaneously. It's original. Refers to Joel's 1959 treatment work.
