

THE NATURE OF INDIVIDUAL BEING

Relationship to God

COME UNTO ME

A very beautiful class, like a symphony of love. More awareness about the Light that we divinely are. Unveiling the concepts -- the mental projections of limitation. Cultivation loosens the soil of worldly concepts. It breaks up the heavy ground. Aerates. Fertilizes. When realization comes, we have the consciousness. We could know the words, but not the demonstration. Realization is demonstration. One realized truth is the dissolving agent.

IN MY FATHER'S HOUSE

Exceptional tape. Illustrates what a sanctuary is -- safety, security, illuminates -- all within you. Nature of the inner sanctuary... The beauty of this sanctuary is completeness. To pray, we enter this sanctuary and tabernacle with all that God has. The sanctuary of spirit is filled, and has the activity of God's grace to draw upon. There is an area in my consciousness that, (one of the many mansions) that functions to maintain the harmony of my body, my home, my business, my relationships, without taking thought.

Completeness

CHRIST -- INDIVIDUAL CONSCIOUSNESS

There are many gems on this tape. Consciousness. Eternal life. This is not a philosophy, this is infinite being. This is the knowledge of the mystery of God. Each one of us is the word made flesh. Past, present and future are embodied in this Consciousness.

WILT THOU BE MADE WHOLE

A comforting meditation on love, completeness, wholeness. I am one with the unseen reality. I am unconditioned spiritual being.

All-ness

THE BEAUTIFUL, THE GOOD, AND THE TRUE

Soul. Beauty. Meditation. Rhythm. Joy. Share the beauty of Being because there is only one Soul, one Being -- the beauty of holiness; the beauty of patience. ... Find your own rhythm. Develop trust in that which is true within you. Don't seek outside of yourself. Recognize you are what you seek.

LOVE'S INCORPOREAL SUBSTANCE

Contemplative. Experience the truth of "I". Open out the way of "I have." On true identity, developing the "I have" attitude... I am and I have no needs. I am complete in Him --full of grace and truth. Truth is real. The truth about I regardless of appearances. V reads from Elijah. Wonderful tape on who and what I am and on what I can give.

REFLECTION -- MUSIC OF THE SPHERES

Begins with a question regarding the image and likeness of God; seems like duality. Lesson starts with principle of oneness, and uses music as example. (V. reads from an interview with Brahms) As a musician must master musical skills to be effective composer, we must master the principles of truth; nullify material law. V uses example of lake and mountains; reflection and wind. This is a good lesson on seeing the real and the relative necessary for effective treatment.

COMMUNICATIONS OF LOVE

This is a beautiful tape covering many practical aspects of living. It covers all principles of the Infinite Way. Important we do not malpractice each other -- whole world malpractices. Clothe everyone with immortality. If we malpractice another, we do it to ourselves. We do have dominion. We want to build bridges -- not separation. A bridge is a thing of beauty, strength and communication -- bridges of love.

LOVE IN ACTION

Deals with marriage. To share with each other without demanding is a powerful lesson.

THE UNIVERSAL BOND OF LOVE

We love because He first loves us. The whole world can be set free from the bondage of limited vision and knowledge. We have the Divine Self; It over shadows us. God goes before us to make the crooked places straight. We are never alone -- always one with all. Like the chain of islands all connected, each island a mountain peak, we look separate and apart but are connected. This Christ Consciousness fashions the Tree of Life. All are fed by the same wisdom and truth.

Living out from Soul

"AND GOD SO LOVED THE WORLD"

This is a wonderful tape for people in the arts! It covers the role of teachers, the source of creativity and expressing as coming from consciousness; it covers love as Jesus, and meditation. Making contact with an illumined teacher helps to make the progress faster for new students. When student and teacher unite in prayer, there is a bond of love and understanding, and then consciousness unfolds more rapidly. There are no limitations of any kind in Divine consciousness. Creativity is not a desire or a wish; it comes from the spiritual core of an individual. When consciousness is evolved, he naturally expresses beauty and creativity. This is the action of the soul. Desire is not the same as creative impulse.

DEMONSTRATE "I" LIVING OUR LIVES

Wonderful! This is a good tape to study; a practical tape for everyday living.
